Mr. Anthony Cappuccio  
Letter of Recommendation

To Whom It May Concern:

I have had the pleasure of working with Mr. Anthony Cappuccio for the past twenty years in many capacities, including:

- Facilities Operation & Management
- Project Management
- Real Estate Development
- Construction Permitting Assistance and Facilitating

Most recently, Anthony and his firm Boardwalk Design and Development have facilitated the often lengthy and complex permitting process at the state and local level; saving valuable time and money for investors, developers and architects.

Anthony works efficiently and methodically in expediting approvals, drawing upon years of experience and knowledge of the “big picture”, for the benefit of the end user, and often succeeds where others may not.

It is without hesitation that I strongly recommend Anthony in this capacity.

Sincerely,  
Concord Atlantic Engineers, Inc.

A handwritten signature in black ink, appearing to read 'Albert F. Patroni', with a long, sweeping horizontal line extending to the right.

Albert F. Patroni  
President
